✓ N.G. KALIVAS		£3
✓ Freddie Athill		£5
✓ Max Silver		£5

**Nirvan School  
Jharkand, India**

The Nirvan School was established in January 2001 and it is situated in the one of the poorest of India - Jharkand. The school is a non-profit making body and is part of Nirvan Math, an Ashram (Temple) of Brahmagna Ma's. The children come from around the local 'Hirna' village, where even bare educational facilities are , in the main, sparse and not available...

The Nirvan School provides free education and free snacks daily to give these children an opportunity in life to stand up on their own two feet and to be responsible citizens. One day, we hope that they will be successful enough to be able to contribute back generously to the society.

However, to cultivate their intellect and to help them bring out their full potential, we must give them a proper education, confidence and independence. This will open up a doorway of opportunities by allowing the children to aim high from the very beginning. These children deserve the chance to improve their situation in life. We must never forget that these are the children of our future generation.

The trustees and the children of the trustees outside India are trying to raise enough money for the day-to-day smooth running of the school. At the moment, the school employs one teacher, two assistants and one cook. There are about 35 children registered this year and their ages range from 4 to 13. The students are taught general subjects and are encouraged to read, write and do arithmetic. The trustees would like to employ more teachers as the numbers of children are increasing every day. Also, there is a basic need for more educational books and stationary – without them we can't move on.

We all know that the mind and body work together and so these children need their daily meal, to nourish them and to make them strong and healthy, both physically and mentally.

However, all of these things cost money, as food and education do not come cheap. The Trustees have an agenda of doing a variety of charity work to raise money. One of these is the 'Nike 10K Run' on the 22<sup>nd</sup> September. Kindly support our cause by donating generously through sponsorship.

Please pay cash, or make cheques payable to 'Nirvan Mott'. A receipt will be issued to you for your donation.

Thank you for your support.

Yours Sincerely,

Nita Biswas (Mrs)  
Trustee for Nirvan Math
